198	Sent		2/19/2015 6:33:30 PM(UTC+0)	Sent	I am too honestly afraid to meet in person, and I am willing to arrange any way to get you title fedex, drop off, whatever, but can you please let me get through my friends dads funeral in NYC tomorrow on the \$500,000. This is the problem with how these things start out. Historically they don't end. I'm not much in a position to bargain, but when we were friends, I always gave you good advice that helped you out. If I considered your \$500,000 request, would you consider returning the car? Buying yourself your own will be better for you and in your new life a less flashy car will serve you better long term. A car like my R8 will call a lot of attention to you and a low profile will keep you enable you to make a new life without unwanted attention. I ask you to consider this request and advice in the context of the advice and counsel I gave you when we were friends.

221	Sent		2/18/2015 8:39:14 PM(UTC+0)	Sent	FL says no Power of Attorney because Owner needs to sign for odometer miles. I'm just hanging for delivery now. If package doesn't show up by last delivery, we can regroup and figure out the plan. (I'll need odometer miles when I get title in my hands but don't give it to me yet cause FL said CA will be freaks about accuracy). Like I said, I have delivery notifications set up and you can track also. We're doing a final check with CA DMV to see if we get any better answer.	

222	Sent		2/17/2015 7:20:12 PM(UTC+0)	Sent	I do not know if I can get it! Please let me follow up with you. I'll be delivered today, but obvi not at 8 this morning. I have my Sect on hold with DMV seeing if I can use a Power of Attorney to sign, will know at end of 30 minute hold time. Then will figure out if I can stay and wait for package. I'll keep you posted, but you can watch package on fedex.com
